ROCK DEVIL  
#1051

2" RECEIVER  
HITCH  
#1061

STUMP BUCKET  
#1062

BACKHOE  
#1065

DOUBLE QUICK  
ATTACH GRAPPLE  
#1066

TREE PULLER  
#1067

# ROCK DEVIL

#1051

Remove rocks with minimal ground disturbance using the power of your skid steer. Better visibility and maneuverability than similar 3 point mounted pieces of equipment. Primarily used for removing rocks.

## CYLINDERS

3" Bore x 8" Stroke

## QUICK-ATTACH PLATE

5/16" Thick Steel

## TINES & WEB GUSSETING

5/8" Thick Tines x 3/8"

# 2" RECEIVER HITCH PLATE

#1061

This universal quick-attach plate is designed to easily move trailers or other towable implements using a 2" trailer hitch and the power of your skid steer. Primarily used for moving trailers. CNC laser cut for precision. Lateral and diagonal receiver stiffeners for added rigidity.

## RECEIVERS

1/4" Thick Steel

## QUICK-ATTACH PLATE

5/16" Thick Steel

## MAX LIFT CAPACITY

3,500 Lbs

# STUMP BUCKET

#1062

This universal quick-attach plate is designed to easily dig out stubborn rocks and stumps using the power of your skid steer. Used for prying up stumps, old fence posts, removing sidewalks and asphalt, and more.

## CONSTRUCTION

Serrated Edges

## QUICK-ATTACH PLATE

5/16" Thick Steel

## WEIGHT

202 Lbs

# BACKHOE

#1065

Designed for earth excavation using the power of your skid steer. Primarily used for excavating, land clearing, landscaping, demolition, construction, grounds maintenance, and more.

## BUCKET

12" W

## MAX DIGGING DEPTH

6' 8"

## MAX PRESSURE

3,500 PSI

# DOUBLE QUICK-ATTACH GRAPPLE

#1066

This mounted grapple will attach to most buckets allowing for easy pick up and maneuvering of brush, debris, and other items you're looking to transport or load using the power of your skid steer.

## CYLINDERS

2" Bore x 6" Stroke

## TINES X WEB GUSSETING

5/8" Thick x 3/8"

## MAX PRESSURE

3,000 PSI

# TREE PULLER

#1067

This attachment is designed for removing trees and posts using the power of your skid steer.

## MAX DIAMETER

9"

## CYLINDER

3" Bore x 8" Stroke

## MAX PRESSURE

3,500 PSI
