

# ► KISCUTTER™ SOD CUTTER

## RENTAL

*"The KisCutter is more ergonomically designed and its lighter weight makes it easier to use and to transport. We just finished cutting our 18,000 sq. ft. of sod in less than two days with the Turfco KisCutter."*

**Mike Troaino**  
Lawn Enforcement Agency  
Gainesville, FL

Stable four-wheel design with rear-wheel drive makes unit easy to handle and operate.

## Cutting sod has never been faster (or easier).

Revolutionary lightweight design—cuts as much as heavy, 300-pound units. Cuts up to 9,000 square feet per hour.

- Four-wheel design, pneumatic tires and rear-wheel drive make this the most maneuverable, easy-to-use sod cutter on the market.
- Lower vibration reduces operator fatigue.
- Simple, easy-to-use depth adjustment.
- Easiest sod cutter to transport.
- Optional 9-inch blade available for curbing.
- Lightweight and folding handles result in easy lifting, hauling and storage.
